**LOGISTICS/ SUPPLY NETWORK OPERATIONS MANAGERIAL  
INTERNSHIP, SOFIA - BULGARIA.**

Do you want to become part of the function which is responsible for getting thousands of different products onto the shelves in our customer's stores in the right quantities, at the right time and with perfect quality?

As a new intern within the Supply Network Operations organisation, you will have a real job, with real responsibility from day-one, together with the training and development you need to be successful. Our unique 'built from within' organisation means we grow and develop our senior management of the future from new interns like you to possible future managers. So, we will continuously develop your career through a broad and varied range of assignments that ensure your skills and capabilities are challenged and developed.
