Scientific Jury for overseeing the procedure of competition for the position of
Professor of professional category 2.1 Pedagogy (Preschool pedagogy)

One candidate is participating in the competition

Assoc. Prof. Dr. Rozalina Plamenova Engels-Kritidis

The documents and materials of the candidate in the competition allow for
a complete evaluation in accordance with the requirements of the Law for

Development of Academic Staff in the Republic of Bulgaria, the Regulations for
W K H O D Z \ V D S S O L F D W L R Q D V Z H O O D V W K H 5 H J X
2 K U L G V N L ´

1. Professional development and realization of the candidate

The professional development and realization of Assoc. Prof. Dr. Rozalina Engels follows a sustained consistency as regards her educational and professional realization, her scientific and teaching activity.

- Education with specialization in Pedagogy of Mass Media and Artistic

& RPPXQLFDWLRQ´ DWWDLQHGLQ 6RILD 8QLYHUV

- In 2005, attained the educational level of Doctor in the field of

Building skills for interpretation of the allegory of proverbs and sayings

and subsequently, in 2020, attained the academic level

of Associate Professor in the field of

A respectable professional experience as kindergarten teacher in the

National Palace of Children; English language teacher in primary school level

and history teacher (in English) in 9th and 10th grade of 123rd High School

Department, Faculty of Primary and Preschool Education,

and as a research assistant in Preschool Pedagogy and, as of

2014, Assoc. Professor of 1.2. Pedagogy (Preschool Pedagogy, Language

Acquisition and Speech Development).

- Supervisor of the Master's and Doctoral theses in the field of

Supervisor of successful defenses of graduates and doctoral students in Bulgarian and English, from Bulgaria and Greece.

- Participation in committees for development of concept and status of the Doctoral School in the Faculty of Educational Sciences and the Arts, for curricula and for preparation of documents for accreditation of the educational academic level of Doctor.

- Developing original curricula in Bulgarian and English for the level of Doctor.
- Member of accreditation committees on Faculty level, for preparation of documentation for program and institutional accreditation.
- Coordinator of Erasmus+ for the Faculty of Educational Sciences and the Arts.
- Completed specialization in Germany, Slovakia, Switzerland, Hungary, Greece, Belgium, United Kingdom.
- Participations in numerous international and national projects, conferences and roundtable discussions.
- Scientific secretary of the Bulgarian National Committee for Preschool Education ± OMEP, part of the World Organization for Preschool Education OMEP; member of the Union of Scientists in Bulgaria.
- Vice-dean of the Faculty of Educational Sciences and the Arts, responsible for Master level programs, doctorate students and student mobility.
- Participation in examination committees and juries for career and scientific development.
- Speaks English language fluently; has a good level of Russian and modern Greek languages; has communication and teamwork skills; has skills for planning and coordinating activities, for evaluating projects, for creative writing, as well as technical skills and competences.

2. Scientific and applied science achievements of the candidate

In the competition, the candidate participates with a scientific production that is in accordance with the competition profile, meets the minimum national requirements as per Art. 2b par. 2 and 3 of the Law for Development Of Academic Staff in the Republic of Bulgaria.

Structural analysis of the scientific production

The scientific and applied science production of Assoc. Prof. Rozalina Engels is in accordance with the competition subject and includes:

- Publications submitted for the competition, including 2 monographs, 6 chapters in collective monographs and other books, studies published in scientific publications referenced and indexed in various scientific information databases, 6 studies published in unreferenced journals with scientific review or collected editions, 4 articles, reports, reviews and other publications in scientific publications referenced and indexed in various scientific information databases, 21 articles, reports and other publications in unreferenced journals with scientific review or collected editions, published university textbook as co-author, 1 published practical textbook used in the kindergarten system, 3 scientific editions and compilations.

With regard to differentiation in scientific development, the candidate has correctly presented a list of scientific publications with regard to the acquisition of the language. The list includes 12 monographs, 10 articles, 15 reports, 8 studies, articles and reports.

With the same correctness, Assoc. Prof. Rozal Engels has also presented a list of publications for peer review in the competition for Assoc. Professor of 1.2. Pedagogy (Preschool Pedagogy, Language Acquisition and Speech Development). The list includes 3 monographs, 1 chapter in a collective monograph published in a peer-reviewed journal, studies, articles and reports, publications in international peer-reviewed online editions, methodical manuals and teaching aids and others.

The findings made are also applicable for the publications before the acquisition of the educational language. The list includes 12 non-peer-reviewed publications in competitions for scientific or academic development.

There are 67 submitted citations in scientific publications, monographs, studies and articles.

With regard to the development of the candidate's academic staff in the Republic of Bulgaria, the list includes 5 monographs, 10 articles, 15 reports, 8 studies, articles and reports.

for Development Of Academic Staff in the Republic of Bulgaria' D O O requirements have been fulfilled and there are no infringements. The publications do not contain any plagiarism and do not infringe on any copyrights or intellectual property rights of anyone.

Content parameters of the scientific production

The creative scientific work of Assoc. Prof. Rozalina Englezidis is closely related and well known within the pedagogical community in connection with issues related to Pedagogy, Preschool Pedagogy, Pedagogy of Language Acquisition and Speech Development, Intercultural Education, Pedagogy of Mass and Artistic Communication, Early Foreign Language Education, Comparative Preschool Education, Research Technologies in Education, Inclusive Education

3. Teaching activity

- / HFWXUHU RI QURRUXUFWLRQ WR WKH VSHFLDO 3UHVFKRRO 3HGDJRJ\ ' 3UHVFKRRO 3HGDJRJ\ ' \$FTXLVLWLRQ DQG 6SHUHVFKRRO 3UHVFKRRO (GXFDWLRQ' LQOMKHOR% DSKHFDROWLHV 3UHVFKRRO 3HGDJRJ\ ' 3UHVFKRRO 3HGDJRJ\ DQG)RUHLJQ 30XVLF '
