ADMINISTRATIVE STUDENT PROGRAMME

There's no better way to learn than on-the-job. When that job happens to be in a world-famous organisation and centre of scientific excellence, even better. If you're an undergraduate in Administration and are looking for a practical training period or a place to complete your final project, you could spend 2 to 12 months at CERN during the course of your studies (Bachelor or Master). If your university requires or encourages you to acquire work experience through an internship, imagine doing this at CERN in Geneva.
