

**НАУЧНИ ПУБЛИКАЦИИ НА ГЛ. АС. Д-Р НИКОЛА ДИМИТРОВ БОТУШАРОВ, ПРЕДСТАВЕНИ
ЗА УЧАСТИЕ В КОНКУРСА ЗА ДОЦЕНТ ПО 4.4 НАУКИ ЗА ЗЕМЯТА (ГЕОЛОГИЯ И
ПРОУЧВАНЕ НА ПОЛЕЗНИ ИЗКОПАЕМИ – НЕФТЕНА ГЕОЛОГИЯ), ОБЯВЕН В ДВ, БР. 5
ОТ 17. 01. 2012 Г. (ПО РУБРИКИ):**

ПУБЛИКАЦИИ В МОНОГРАФИИ, СПИСАНИЯ И РЕФЕРИРАНИ ИЗДАНИЯ С ИМПАКТ ФАКТОР (IF):

1. Georgiev, G. and **Botoucharov, N.**, 2007. Are there contourites in Middle Jurassic sediments in the Tarnovo depression (South Moesian Platform Margin)? In: Viana, A. R. & Rebesco, M. (Eds) Economic and Paleooceanographic Significance of Contourite Deposits. *Geological Society, London, Special Publications*, 276, 283-298.
2. Botoucharov, N. 2008. Thermal modeling and hydrocarbon generation zones of the Lower-Middle Jurassic sediments in Central South Moesian platform margin. *Bollettino di Geofisica teorica ed applicata*, Vol. 49, N. 2 supplement, 351-354.
3. Chemberski, H. I. and **Botoucharov, N. D.** 2012. Triassic lithostratigraphic correlation in the Moesian platform (Bulgaria-Romania). *Stratigraphy and Geological Correlation* ISSN 0869-5938, v.20, №X, XX-XX. [in press].

ПУБЛИКАЦИИ В РЕФЕРИРАНИ ИЗДАНИЯ БЕЗ ИМПАКТ ФАКТОР (IF):

4. **Ботушаров, Н.** и Георгиев, Г. 2004. Колекторски свойства на средноюрските ВС* седименти в Търновското понижение. *Год. на СУ „Св. Кл. Охридски“*, Геолого-Географски факултет, С., т. 96, кн. 1, 75-85.
5. Ботушаров, Н. 2005. Перспективни нефтогазомайчини скали от западната-централна част на южномизийската периплатформена област. *Год. МГУ „Св. Иван Рилски“*, С., т. 48, кн. 1, 17-22.

ПУБЛИКАЦИИ В РЕФЕРИРАНИ ИЗДАНИЯ НА ДОКЛАДИ ОТ МЕЖДУНАРОДНИ КОНГРЕСИ, СИМПОЗИУМИ И КОНФЕРЕНЦИИ В ЧУЖБИНА:

6. Georgiev, G. and **Botoucharov, N.** 2003. Hydrocarbon generation history of Triassic sediments in the South Moesian Platform Margin. In: *EAGE 65th Conference and Exhibition*, 2-5 June 2003, Stavanger, Norway, Extended Abstracts, Session Petroleum Systems, CD-ROM, P112, 1-4.
7. **Botoucharov, N.**, Georgiev G. and Sachsenhofer, R. 2005. Thermal history of Central South Moesian Platform Margin – implications for hydrocarbon generation. In: *EAGE 67th Conference and Exhibition*, 13-16 June 2005, Madrid, Spain, Extended Abstracts, Session Petroleum Systems, CD-ROM, P144, 1-4.
8. **Botoucharov, N.** and Georgiev G. 2006. Lithofacies and reservoir features of Triassic sediments in South Moesian Platform Central Margin. In: *EAGE 68th Conference and Exhibition*, 12-15 June 2006, Vienna, Austria, Extended Abstracts, Session Petroleum Systems, CD-ROM, P081, 1-5.
9. Ботушаров, Н. 2008. Методика исследований при бассейновом анализе и моделировании для целей нефтяной геологии. *Материалы международной научной конференции „Проблемы развития наук о Земле: видение молодых ученых“*, Методология и методика исследований: новые подходы при решении проблем развития наук о Земле, Киев 29-30 мая 2008, 1-2.

10. **Botoucharov, N.** and Stefanov, Y. 2010. Thermal modelling of the Cretaceous-Neogene history in Dolna Kamchia basin (onshore Bulgaria). *Fourth International Geomodelling Conference, GeoMod 2010, Modelling in Geosciences*, 27-29 September, Lisbon, Portugal, Disc of the Conference Extended Abstracts, 1-4.
11. **Botoucharov, N.** and Chemberski, H. 2010. Correlation of the Triassic rocks in the Moesian platform (Bulgaria-Romania). XIX Congress of the Carpathian-Balkan Geological Association, Thessaloniki, Greece, 23-26 September, *Geologica Balcanica*, Abstracts Volume, Bulgarian Academy of Sciences, 39. 1-2, 52-53.

ПУБЛИКАЦИИ НА ДОКЛАДИ ОТ МЕЖДУНАРОДНИ КОНГРЕСИ, СИМПОЗИУМИ И КОНФЕРЕНЦИИ В БЪЛГАРИЯ:

12. **Ботушаров, Н.** и Георгиев, Г. 2004. Генерационен въгледороден потенциал на Митровска свита (Т₂ ладин) в южната част на Централна Северна България. *Международна научно-техническа конференция "Проблеми на нефта и газа"*, 6-8 Септември 2004, Варна, България, Сборник с доклади, I, 41-47.
13. Георгиев, Г., Димитров, Хр., Рейд, Ф., Прингъл, Дж. и **Ботушаров, Н.** 2004. Сеизмостратиграфия и 3-D модел* на Долно-Камчийския седиментен басейн. *Международна научно-техническа конференция "Проблеми на нефта и газа"*, 6-8 Септември 2004, Варна, България, Сборник с доклади, I, 142-147.
14. Botoucharov, N. 2005. Hydrocarbon generation from Middle Triassic and Middle Jurassic source rocks in Central South Moesian Platform Margin – modelling and comparison. *Second International Conference "Global changes and new challenges of 21st century"*, 22-23 April 2005, Sofia, Bulgaria, Proceedings, 189-194.
15. Botoucharov, N. 2006. 1-D visualization of well data as an example of sections from South-Western part of Central North Bulgaria. *VIth International Scientific Conference of Modern Management of Mine Producing, Geology and Environmental Protection, SGEM 2006*, 12-16 June, Albena, Bulgaria, Conference Proceedings, Volume I, Section I "Mining and Geology", 1.29, 259-269.
16. Botoucharov, N. 2007 a. Vitrinite reflectance – a major method in analysis of maturity and thermal history of sediments in North Bulgaria. *7th International Scientific Conference of Modern Management of Mine Producing, Geology and Environmental Protection, SGEM 2007*, 11-15 June, Albena, Bulgaria, Conference Collection of Papers, CD-ROM, Oil and Gas, II-5, 1-6.
17. Botoucharov, N. 2007 b. Sensitivity analysis of the modeled thermal maturity in Beglej-Kalenik area (Central North Bulgaria). *7th International Scientific Conference of Modern Management of Mine Producing, Geology and Environmental Protection, SGEM 2007*, 11-15 June, Albena, Bulgaria, Conference Collection of Papers, CD-ROM, Oil and Gas, II-6, 1-6.
18. Botoucharov, N. 2008. Oil and gas perspectives of the Triassic sediments in Central South Moesian Platform Margin. *8th International Scientific Conference of Modern Management of Mine Producing, Geology and Environmental Protection, SGEM 2008*, 16-20 June, Albena, Bulgaria, Volume I, Section II "Oil and Gas Exploration", II-4, 581-588.
19. Botoucharov, N. 2009. Rock-Eval methods and applications for representative sediment samples from Central South Moesian Platform Margin. *9th International Multidisciplinary Scientific GeoConference of Modern Management of Mine Producing, Geology and Environmental Protection, SGEM 2009*, 14-19 June, Albena, Bulgaria, Conference Proceedings, Volume I, Section 5 "Oil and Gas Exploration", 9, 629-635.

20. Botoucharov, N. 2011. Lithological and thermal features of Mitrovo Formation (T₂₋₃) in central southern part of the Moesian Platform (Bulgaria): preconditions for a hydrocarbon generation. *11th International Multidisciplinary Scientific GeoConference of Modern Management of Mine Producing, Geology and Environmental Protection, SGEM 2011*, 20-25 June, Albena, Bulgaria, Conference Proceedings, Volume I, Section “Oil and Gas Exploration”, 1, 1221-1228.
