My experience in Denmark helped me to see education in a different light. Gaining skills can be achieved through practical learning here, and is available to anyone who is willing to be open-minded, prepared to think and responds well to being inspired. In an environment with dedicated teachers, a diverse student community and friendly surroundings, I experienced a different way of learning. The possibilities seemed limitless! It was a perspective-changing semester, in so many ways!

VELUX Scholarship Programme

Denmark

2014

What is the VELUX Scholarship Programme?

The scholarship programme is for talented, but financially disadvantaged young people (full-time university students at undergraduate level study programmes) from Bulgaria, Romania, Hungary, Slovakia, Czech Republic and Poland. They are given the opportunity to enroll at the International Business Academy (IBA) or Copenhagen School of Design and Technology (KEA) for one semester.

The monthly scholarship is 5.486 DKK (approx. 730 EUR). This amount will be sufficient to cover accommodation and living costs. In addition the scholarship provides 3.000 DKK (approx. 400 EUR) to cover travel costs. VELUX scholarship candidates can borrow study books from the IBA/KEA library.

You can apply for one of the following study programmes within the VELUX Scholarship Programme. Please note – you have to choose a semester. It is NOT possible to take subjects from different semesters and study programmes.
