

At PwC, the future
looks a lot like you.

If you are an ambitious self-driven individual, motivated to learn and develop in the field of accounting and finance, keep reading as you could be a right fit for the following position.

With offices in 156 countries and more than 295,000 people, we are among the leading professional services networks in the world. We help organizations and individuals create the value they're looking for, by building relationships, solving important problems and delivering high quality Assurance, Tax and Advisory services.

Join us as Consultant in Finance and Audit this summer

A career within our Audit department will provide you with the opportunity to:

- Provide a range of Assurance services to a variety of clients from small, fast growing clients to large corporations. Our clients are often well-known brands and many have broad international reach - e.g., banks, telecommunications, insurers, service centers, medical, pharma, and automotive companies.
- Use the latest technology to reduce the level of manual work ensuring you'll focus more on adding value to our clients by spending more time understanding their specific needs.
- Gain impeccable knowledge in financial reporting standards (IFRS, National Standards and US GAAP).

You will take part in:

- Induction and continuous training programs for professional and personal development
- Organizing and attending client meetings - gaining understanding of our clients' processes and business through discussions with senior client employees
- Performing defined tasks in audit projects - gathering and processing evidence over the accuracy of financial information
- Communicate directly with the client and be part of the communication with senior management
- Reviewing companies' financial information, using our innovative auditing methodology
- Giving assurance to stockholders that the financial statements are true and fair;
- Audits under the International Standards on Auditing

What are we looking for:

- University degree (Bachelor or Master Degree) in Finance/Accounting/Economics/Business Studies or related disciplines
- Excellent command of English and Bulgarian
- Curious about financial reporting
- Motivation and eagerness to learn
- Good communication and interpersonal skills
- Ability to work in a team
- Flexibility to travel
- Proactiveness and ability to prioritize different tasks
- Strong analytical skills
- Computer literacy in Microsoft Office

What we offer:

- You will have a 'Coach' and a 'Buddy' to help you integrate, develop and perform within PwC and seniors and managers to help you fulfill your potential within your projects
- You will be enrolled into a blended learning programme involving: operating our technology, learning our methodology and professional qualifications (Statutory Accounting, audit courses, ACCA) and gaining knowledge of the industry and market
- Access to global best practices and professional know-how in an international setting
- Opportunities for career growth and climbing up our corporate ladder
- Challenging and interesting projects
- Work in regional and global teams
- Continues learning and usage of technology (Alteryx, Power Bi, UiPath)
- Chance to work as a part of a positive and experienced team
- Central office location and opportunity to combine office hours with work from home
- Comprehensive remuneration and employee benefit programme including additional medical insurance, food vouchers, sport card, home office allowance, fringe benefit)

Help organizations build trust and deliver sustained outcomes. Join our passionate community of solvers by applying with your CV in English.

Only short-listed candidates will be contacted.
