Edition 1

April 11-14, 2023
April 16-23, 2023
April 25-28, 2023

or

Edition 2

June 26-29, 2023
July 02-09, 2023
July 11-14, 2023

The 2023 MP2 Spring/Summer School will be held at the Lodz University of Technology in two Editions: April and June/July 2023 in Lodz, Poland. This year's topic is determined by the modern educational competencies of 21st Century. The goal of the School is to provide Students with business simulations (Revas) used in today's world more and more intensively as well as Design Thinking that could be a key to success. Workshops, simulations laboratories, and company visits will be the perfect complement to the theoretical parts.

- Revas Certification
- Companies visits
- Design Thinking
- Team Building
- VR Testing
- Cultural program
