

# Haplo-iPS Training School

## Human induced pluripotent stem cell (hiPSC): From reprogramming to characterization

30-31 May 2023

L'Hospitalet, Barcelona, Spain

Regenerative Medicine Program, IDIBELL

### Program

#### Day 1: 30.05.2023

09.00-09.15	Welcome and presentation	Anna Veiga
09.15-10.15	iPSC: towards clinical translation	Ángel Raya
10.15-11.15	hiPSC generation	Bernd Kuebler
11.15-11.45	Coffee-break	
11.45- 12.45	hiPSC culture	Silvia Selvitella
13.00-14.00	Lunch	
14.00-17.00	Hands-on I	

#### Day 2: 31.05.2023

09.15-10.00	hiPSC freezing and thawing	Begoña Aran
10.00-10.45	hiPSC molecular characterization	Alba Morillas
10.45-11.15	Coffee-break	
11.15-12.45	hiPSC characterization	Lola Mulero, Jose M. Andres, Joan Repullés
13.00-14.00	Lunch	
14.00-17.00	Hands-on II
