

Become the Future of Tech

Get hired by Microsoft partners searching for new talent

Explore Career Opportunities with Microsoft Partners

Sofia University
Faculty of Economics and Business Administration
Room: 420

Date: November 12, 2016

Time: 10.00-13.00 A.M.

[Register for the event here](#)

Agenda includes:

- An introduction to career opportunities with Microsoft partners
- The opportunity to learn more about the interview and selection process of technology companies
- Networking opportunities with Microsoft experts and Microsoft partners

Microsoft is hosting a career event for students interested in **business, consulting and IT careers**. Learn from Microsoft experts about exciting career opportunities using the latest business technology, Microsoft Dynamics. In addition, discover the interview and selection process of technology companies first-hand.

Like what you learn? Microsoft partner organizations will be actively looking to hire students like you at this event.

More than 375,000 companies in a range of industries all over the world run on Microsoft Dynamics solutions, and thousands of Microsoft partners help them implement those solutions. Microsoft customers and partners need smart, educated people to help them use, sell, and implement Microsoft Dynamics solutions.

Explore career opportunities with Microsoft partners, including:

- Working with organizations across multiple industries as an ERP or CRM **consultant**
- Helping company leaders understand and anticipate trends as a **business analyst**
- Providing insight into processes to increase efficiency as a **project manager** or **solution architect**
- Addressing technical challenges in every department as a **support engineer** or **developer**

Bring your resume and launch your career.
