Module List *TENTATIVE* **Spring Semester 2019** Incoming Students

General Information

Please find some important information about modules / courses offered at our Business School. Keep in mind that minor changes can occur, as the final schedules will only be available mid December 2018.

Module enrolment

Students may choose from the list, depending on the study programme they will study in. A mix between different study programmes is not possible (except IP BBA and BBA). Due to course collisions, we recommend to pick modules from the same groups. In that case, we can guarantee no overlapping.

Level one modules are basic e.g. BWB1040

Level two modules are advanced e.g. BWB2051

Level three modules are at specialisation level e.g. BWB3094

Schedule

We will send out the individual schedules around end of July / beginning of August for autumn semester and around end of December / beginning of January for spring semester.

Workload

1 ECTS = 30 working hours
