**Prof. Dr. Anastas GERDJIKOV
Rector of Sofia University "St. Kliment Ohridski"**

Dear Mr. Rector, Prof. Dr. Anastas GERDJIKOV

The Sofia University "St. Kliment Ohridski" and National Technical University "Kharkiv Polytechnic Institute" enjoy a long-term fruitful cooperation.

We survive a very hard wartime and due to this fact we would like to ask you for assistance. It has been a month and a half since the war in Ukraine began. And Kharkov is at the forefront. Bombs and rockets are mercilessly shelling us. The enemy is coming to our houses, hospitals, schools, shops, university building and student dormitories. Therefore, many students and teachers moved to other cities in Ukraine and some of them went abroad. However, many of us failed to leave Kharkiv and have to stay in bomb shelters. Now, we badly need food, medicine and first-aid items. The apartments of many teachers were destroyed and they moved to students' hostels, but our hostels were also damaged, the windows are broken and the life maintaining systems are out of service (no water, no light and no heating). The administration of the University takes every effort to do repair works to improve the state of the hostels. Undoubtedly, the government provides certain assistance, but it is insufficient for such a scope of work to be done. We use our fund of the Association of Alumnies to buy food, medication and do current repairs for the hostels.

We hope that you can realize our trouble and therefore on behalf of 15000 students and teachers of our University I would like to ask the administration, the academics and the students of your University to find an opportunity to provide any possible material assistance for our collective body.
