ABOUT FEBT

The Faculty of Economics, Business, and Tourism (FEBT) was established in 1975. Today, with around 2,400 students and 127 employees, FEBT is one of the largest faculties in Croatia and part of the University of Split - Croatia's second-largest higher education institution.

FEBT is located in Split, the second-largest city in the Republic of Croatia and is the largest constituent of the University of Split (UniST).

FEBT employs 127 staff, of which 92 are academic and 35 are administrative positions. At present, slightly over 2,400 students are studying in one of twelve study programmes offered by FEBT at the level of undergraduate and graduate university and professional study programmes and postgraduate specialist and doctoral study programmes.

In 2022, FEBT was awarded the prestigious **EFMD (European Foundation for Management Development) accreditation** for the study programme in Business, which **places the Business study programme of FEBT among the best study programmes in the world!**

FEBT was declared the leader in Croatia in support of the development of Start-ups through the Student Business Incubator.

The Student Business Incubator (SBI) has operated at the Faculty of Economics, Business and Tourism since 2015. It is intended for the all University of Split students inclined toward entrepreneurship.

The Faculty offers students the opportunity to complete part of their studies or professional practice abroad at over 60 renowned institutions from more than 20 countries and inclusion in the world of work through international professional training in over 100 companies and associations from the most diverse spheres of activity.

The faculty offers a wide range of courses taught in English for exchange students (on mobility schemes) with plans to provide full-time programs in English in near future.

01 Entrepreneurship, Innovation and Creativity

Course description

The FEBT Summer school Entrepreneurship, Innovation, and Creativity is designed for students who want to develop their creative potential to innovate and are intrigued with the world of entrepreneurship. The program's main objective is to develop creative thinking, foster more excellent initiative, and understand the critical stages of the entrepreneurial process.

Target audience

- Last-year undergraduates
- Graduate students
- Professionals
- Students in other applied fields wishing to improve their knowledge in the field

Evaluation

The participants will be evaluated based on active participation in the classes and the business pitch (oral presentation to the panel).

The goal of the business pitch is to replicate the real-life scenario where entrepreneurs have to be able to support their idea, demonstrate its potential and secure the initial capital to start their ventures. This assessment form also develops their analytical, critical, teamwork, and presentation skills.

Credits (ECTS)

Upon completing the course, participants will be awarded **6 ECTS** equivalent marks.
