

Start Your Journey in the Tax World as an Intern at KPMG

If you:

- Are a student pursuing a degree in Accounting and Control, Finance or another business-related discipline
- Are fluent in English and Bulgarian and have good computer skills
- Have an analytical mind and enjoy finding solutions to various issues

And you would like to:

- Participate in projects with real client impact in an international environment
- Get access to a vast array of learning resources and work with the brightest minds on complex cases
- Gain valuable experience and competitive remuneration in a leading professional services firm
- Apply your academic knowledge, learn business skills and build your network before you graduate

KPMG in Bulgaria, as a leading provider of audit, tax and advisory services, would like to invest in your development and accompany you on this journey.
