Dear Dr. Ivan Ilchev!

I express my sincere appreciation for our cooperation, which is promoted by the Faculty of Economics and Business Administration represented by the dean Dr. Todor Popov. The cooperation greatly expanded the opportunities for growth and personal development of our master students and staff of the University.

The internship of the group of master students of Karaganda Economic University at the Sofia University of St. Kliment Ohridski was very successful. Master students had wonderful experience and gave sincere gratitude reviews of the courses learnt and the whole internship in general.

Accept our special gratitude for the hospitality and attention to our master students expressed by the Faculty of Economics and Business Administration Dr. Dr. Todor Popov, the Head of the International Relations Office Mrs. Ivanka Djakova.

I sincerely look forward to continuing the fruitful cooperation between our universities.

Sincerely,
