

Internship Deutsche Telekom - Strategy and Performance Management Europe

Location: Bonn, Germany

Starting date: February or March 2013

Term: 4 – 6 months

The great experience.

Talent and Telekom - that really fits together! We have a great deal to offer: the diversity of a global player, the innovative strengths of a leading ICT service provider and the prospects of a forward-looking company. We see ourselves as a partner for our interns. So start your career with Deutsche Telekom and reveal your talent!

Working for Deutsche Telekom

Deutsche Telekom AG. For consolidated services. We feel as much at home in Bonn as we do in the other 50 countries around the globe where we provide our services. As one of the leading telecommunications providers in Europe, we also have a footprint in the markets in Asia and the United States. We're on our way to become one of the industry's top service companies and want you to help us to get there.

Deutsche Telekom's "Europe and Technology" board area manages the Western & Eastern European operations of Deutsche Telekom as well as the group wide Technology function.

This internship position in the "Strategy and Performance Management Europe" department offers a unique opportunity to gain an understanding of the European telecommunications markets as well as how Deutsche Telekom manages and monitors the execution of strategic priorities.

"Strategy and Performance Management Europe" is primarily responsible for the definition of the strategic priorities as a guiding function, the set-up and execution of strategic project and the contribution to the overall performance management of the foreign operations in Europe. Key deliverables are the recurring strategic and operational performance reviews, prepared in close cooperation with other functions of the Europe department. The results will be used by the Top Management for steering and decision making and will contribute to the local steering of the operations.

Beyond this backdrop "Strategy and Performance Management Europe" is looking for an open minded, international oriented young professional, who is keen to gain professional experience as part of an international team and highly motivated to contribute to shaping the industry for the future.

As part of our team you will:

- Prepare analysis of market developments, technological trends, competition and regulatory frameworks as well as performance of daughter companies based on operational KPIs
- Derive conclusions and recommendations for operational steering and strategic management decisions
- Aggregate results in standard management reports and prepare ad-hoc management presentations
- Benchmark daughter companies' performance of strategy execution based on homogenously defined strategic KPIs for 13 European countries Contribute to monitoring the execution of defined strategic priorities in relevant daughter companies
- Prepare presentations for top management
- Support the department in answering questions about the Europe Strategy from top-management and investors
- Compile documents for top management bodies of Deutsche Telekom Group (Board Meetings, Supervisory Board etc.)
- Prepare and Support during international workshops on strategic topics
