

Feedback on the education in the
M. Sc. programme Computational Chemistry
 Faculty of Chemistry and Pharmacy, Sofia University “St. Kliment Ohridski”

<i>Student:</i>	Fatmegyul Mustan
<i>Year of graduation:</i>	2014
<i>Place (University, PhD program) of continued education, if applicable:</i>	PhD at the Department of Chemical and Pharmaceutical Engineering, Faculty of Chemistry and Pharmacy, Sofia University
<i>Present occupation (Place, position, and main responsibilities):</i>	PhD student, jounior assistant-supervisor of research projects with industry
<i>The education at the Faculty of Chemistry and Pharmacy contributed to:</i>	discover the Wonderland of Science where I became a researcher chemist
<i>The education in the M. Sc. program Computational Chemistry contributed to:</i>	extend my knowledge on virtual experiments, which I continue applying in practice, studying various systems by the methods mastered during the programme
<i>Critical notes or recommendations to the education in the M. Sc. program:</i>	no
<i>Your wishes to the current and future students:</i>	not to limit themselves to the practical classes if they want to comprehend the material
<i>Please enclose a recent photo. 😊</i>
