

Annex 1: Applied documents for assessment of associated partners

Documents from associated partners- research organizations	
1	List, consisting of objective verifiable information regarding publications in scientific magazines and books, referred in SCOPUS or WoS, during last 5 years (2011-2015) of each associated partner. A general list of all associated partners must be presented, alphabetically ordered by the family name of the first author. The list must contain the following: <ul style="list-style-type: none">- authors of the publication, the names of the relevant members of the scientific team are bold;- title of the publication;- name of the scientific magazine/book year, volume, first and final page of the publication;- scientific area of the publication, connected with the relevant field of ISSS – mechatronics and clean technologies;- internet connection to the referred source of the publication in SCOPUS or WoS.
2	Agreements for financing from the European Council for Scientific Research received by the associated partner.
3	Agreements for project financing under Framework programmes of the EU and Horizon 2020, verifying that the associated partner has been assigned with functions as Coordinator in last 5 years (2011-2015).
4	Patents and/or Patent Applications issued/registered in foreign and/or international patent authorities or organizations (including the International Bureau of the World Intellectual Property Organization, European Patent Office, Patent Office of USA).
5	Founding act, Statute/Bylaws, contract or other document on the participation of the associated partner in the establishment of innovative enterprises (spin off, spin out) in the area of project proposal. Required if the information on the participation of the associated partner in the establishment of innovative enterprise can not be officially verified in the Commercial Register.
